UN UNKNOWN MISER.

He Died in Apparent Want but Had \$400,000 About His House.

PARIS, Jan. 31.—A short time ago an unknown American, a man apparently about 77 years old, fell in a fit while walking along the boulevard Des Capucines. The police took charge of the case, as there was no one accompanying him or within sight who knew anything about the man.

It was ascertained with some difficulty where the stranger lodged and he was taken there. Among the papers found on his person was an envelope which he carried in an inside pocket bearing a check for 20,000 francs.

The place where the man lived and to which he was taken unconscious by the police was a cheap lodging where it was learned he had lived in apparent poverty for 12 years. He expired soon after being taken to this place.

A search of his domicile was thereupon made which revealed a quantity of French banknotes, American securities, etc., placed at various points in the apartment, of the total value of 2,000,000 francs. Efforts are now being made to ascertain the name of the man.

BAYARD YET SAFE.

House Foreign Affairs Committee Can Not Agree.

FORM OF RESOLUTION DOUBTFUL.

Five Have Been Submitted, One of Which Demands the Ambassador's Recall, While Another Does Not Refer to Him in Any Way—The Others Cover the Ground Between These Extremes.

WASHINGTON, Jan. 31.—No decision in the matter of censuring Ambassador Bayard was attained by the house committee on foreign affairs, but the discussion upon the question, which absorbed the entire hour, was one of the most interesting which that committee had indulged in for a long time. The members were practically opposed along party lines, the Republicans urging a resolution of censure and the Democrats standing by the ambassador.

The subcommittee, consisting of Messrs. Dwyer of Massachusetts, Pearson of North Carolina and Dismore of Arkansas, which has been charged with the settlement of the matter, reported that it had been unable to agree upon the form of a resolution. It laid before the full committee five drafts of resolutions which had been submitted by members of the committee.

There was a wide range of difference between these resolutions. The most radical of them denounced in strong terms the Edinburgh and Boston speeches and called upon the president to recall the ambassador. The most mild, on the other hand, did not mention the utterances of Mr. Bayard, but simply expressed general disapproval of the practice of making speeches on home politics by any foreign representatives of the United States in the countries to which they are accredited. The three other resolutions covered the range between these two extremes.

Race courses are exempted from the operation of the law from April 1 to Dec. 1 each year, with the proviso that pools shall be sold only on racecourses on ground on the day the race is run. A proviso is also inserted that nothing in the bill shall be construed to repeal the common law.

TEST VOTE TAKEN.

The Antislaveryists Surprise the Liquor Element.

THEY SEEM TO HAVE A MAJORITY.

At Any Rate They Succeeded in Sending a Bill to Increase the Dow Tax to the Committee on Temperance—Lay Decried For Wilberforce College (Colored) Knocked Out.

COLUMBUS, O., Jan. 31.—The antislavery element in the lower branch of the legislature demonstrated the fact yesterday that they are in the majority, a fact which is causing the liquor dealers and their friends a great deal of uneasiness.

There had been three bills introduced by friends of the liquor interests to increase the Dow tax and thus swell the revenue of the state, so their argument was generally understood that the real purpose of these bills was to defeat the Harris local option bill.

The saloon element in the house wanted these Dow tax bills referred to the taxation committee, while the antislaveryists insisted that they go to the committee on temperance. It went to the latter committee after a bitter fight.

Another measure out of which something of a sensation developed was introduced by Speaker Schuyler, who wanted seven-twelfths of an appropriation to go to Ohio university at his home (Athens) and five-twelfths to Miami university. An amendment was offered dividing the appropriation equally among Ohio, Miami and Wilberforce colleges. This met with bitter opposition and was defeated, and now the colored people say the color line has been drawn.

## BIG DEAL CONTEMPLATED.

The Breens Intend To Dispose of Their Eating Houses.

John P. and Maurice Breen have a large deal in contemplation, in which they will dispose of all their eating houses. This firm is one of the largest in the country in this line, and their eating houses are known from Chicago to New York over the Erie, in the south on the Queen and Crescent and on the C. H. V. and T.

Maurice Breen, manager of the local house and of the general business, was seen by the Star this morning, and said that it was a fact that they contemplated making such a deal. It is not as yet consummated and may not be for some time yet, but such is their intention. Mr. Breen further stated that the firm expected to go into other business, and could not give attention to the eating houses and the business now contemplated at the same time.

The Marion house is one of the best paying of the entire six owned by the firm. The house in the Union depot at Dayton, the Central Union depot house at Chattanooga, Tenn., the one at the Union depot in Cleveland, the Uta House at Upper Sandusky, on the C. H. V. and T. and the eating house at Huntington are all under the same control.

The Breens have prior to this had several other houses under their management. The Erie eating house at Meadville, Pa., was on the list of those owned by them until a short time ago. They also owned a second house in the South last year, but disposed of it.

## THE MILK TEST.

The Board of Health Will Try To Make Itself Useful.

Mayor Nichols will call a meeting of that body in a few days, and a milk inspector will be appointed. Health Officer Blain will receive the appointment.

The board will very likely take other actions in regard to the inspection of the milk, and will decide upon the equipments that are to be secured for this inspection. Dr. Nichols and Martin Dumble met with the state board of health, at Columbus, Thursday, and were there to secure pointers for the local board, not only on the milk inspection but many other points that are of interest to the board of health. There is an effort being made to improve the present board by the members getting informed on all subjects pertaining to its work.

Among many things that will come up at the next meeting will be the question of the food that is given the cows that are used in dairies. There is a patent food that will be condemned. It does not injure the quality of the milk but increases the flow. It is also likely that meat will be forbidden to be used in feeding milk cows. Orders will be given to keep all stables, lots and barns where cows are kept clean, pure water must be used and no filth allowed to accumulate.

The meeting Thursday was a profitable one to the local health board, and many of the pointers learned there will be put into effect in this city.

## DAVIS' DOG.

It Bites on Street Curs Without Paying Fare.

J. L. Davis owns a water spaniel dog that is given credit for great sagacity. Mr. and Mrs. Davis at one time resided in the north end of the city, but now reside in the west end. Mr. and Mrs. John Merkle, the parents of Mrs. Davis, still reside on north Main street, and often Mrs. Davis would go from her home to the residence of her parents, taking the dog with her on the street cars.

The dog became acquainted with the route and now sometimes makes the trip alone, coming up on the Center street car and transferring to State street for the north. The animal comes back the same way, and so far has made no mistake in transferring or getting off the cars.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

## ALBA HEYWOOD.

A Delightful Entertainment at the Y. M. C. A. Auditorium.

Alba Heywood is no stranger to Marion and never fails to please. He came here with a company during the time that the music hall yet accommodated the Marion people as a play house, and made a happy hit, and the announcement that he was to return and give an entertainment at the Y. M. C. A. auditorium was sufficient to fill the hall Thursday night. Every seat was taken.

Mr. Heywood is an actor and impersonator and the first number of his program was entitled "Tid Bits," consisting of songs and recitations. These were well received, and when for an encore he sang the "Laughing Man" the audience roared and he was obliged to return.

Miss Flora Drescher, the violin soloist, created a surprise by her rendition of Rall's "Cavatina," and was greeted with a storm of applause, responding with the "Suanee River" as an encore.

The one-act comedy drama by Alba Heywood came next. In this he takes six distinct characters, and also explains the piece as he proceeds with it. It was written perhaps more to show his versatility than to please, but still it is a pretty little thing and the portrayal of the characters by Mr. Heywood was very enjoyable.

Miss Drescher rendered "Sweet Spirit, Hear My Prayer" and "Serenata" and was obliged to respond to an encore. She also appeared in three other numbers of the program, meeting with similar receptions each time.

The next number was Mr. Heywood's creation of the Raven, being a parody. In this he appears in the make-up of an intoxicated, jolly, good fellow, and kept his audience in a storm of laughter and was obliged to appear again and again until he announced that he had taken the Keely cure.

Mr. Heywood also appeared as a young lady of forty years, and in this his make-up was excellent, and his portrayal of the character the best ever seen in Marion. He closed the entertainment in his character of "Silly Billy." In this Mr. Heywood had an opportunity to display his elocutionary talent, his facial changes and with the witty skits and stories in the number kept the audience in laughter and wonderment, closing with an imitation of the sounds made by various animals, musical instruments, and also imitating the phonograph to perfection.

It would be pleasing to have Mr. Heywood return, when Marion has better accommodations for an entertainment.

## JENKINS WANTED.

A Former Marion Railroad Man Mixed Up in a Prison Fight.

Many of the Marion railroad men will readily remember William J. Jenkins, who was formerly employed in the C. H. V. and T. yards here. The police are now on the lookout for Jenkins and word has been sent here to arrest him if found. Jenkins' father has a stone quarry near Springfield, at a little place called Dublin, and on last Sunday he and Earl Moore, of Springfield, met in a prize fight near Enon. Moore was knocked out in four rounds, and is now under arrest.

It is also reported here that Jenkins engaged in a fight with another man at the same contest and nearly killed him. Jenkins is wanted by the Springfield police badly and Marshal Blain was on the lookout for him Thursday, but failed to find him in this city. Jenkins has many friends here, and is a professional railroad man, leaving here about the time of the strike.

## FOR FIFTEEN YEARS

MARGARET MC GREEVY HAS BEEN A WIFE

Living Apart from Her Husband, But She Bears Him Two Sons Meanwhile and Now He Wants a Divorce--Court Notes.

Harry E. Woodcock, as attorney for Thomas McGreevy, Thursday filed a petition in divorce against Margaret McGreevy in the court of common pleas. The plaintiff says he was married to the defendant, at Marysville, June 22, 1911, and that two children, John and Thomas McGreevy, were born of the union and are now aged twelve and seven years respectively.

The defendant, plaintiff says, refuses to live with him and has resided with her father, in Watkins, Union county, Ohio, for the last fifteen years, for which reason he asks for a divorce.

The petition shows a peculiar state of affairs. The plaintiff says the marriage occurred fifteen years ago and that fifteen years ago the defendant left him and has since remained at home with her father, refusing to live with him, yet the statement is made that two children, aged respectively twelve and seven years, were born of the marriage.

From this it is evident that there is a tangle of dates, or that the husband and wife have at least been on visiting terms.

Finley, Beer & Bennett, of Bucyrus filed, today, in the court of common pleas, the joint answer of J. C. F. Hull and S. W. Bennett in the case of Rosa Van Horn against Stephen Kerr and others.

In their joint answer these defendants say that, since the decree of partition made in this cause, they have purchased of Stephen Kerr and Robert M. Kerr their interests in lot 22 in Nevada, together with the brick hotel building thereon known as the "Kerr House," and also a strip of land fourteen feet wide off of the south side of in-lot 23 in Nevada, and thus own an undivided one-seventh and an undivided one-twenty-first of the property and asks for the four twenty-first parts of the proceeds of the sale of property after the payments of costs and liens.

In the case of Wilkins against Hoke and others, road commissioners, in the court of common pleas, entry was made today of a judgment against the defendants of \$509.38.

The last page in appearance and executive docket No. 27 in the court of common pleas was utilized Thursday, and a new volume, No. 28, opened up.

The bastardy case of the State of Ohio on complaint of Ida Kalb against White was today continued until the next term of court.

Should they win Saturday night with the Marion team they intend challenging any team in the state for as many games as they wish to play."

"The Social Life of the Turks" the lecture to be delivered by the Hon. Elias S. Vortchell, at the High school auditorium Monday evening, overflows with wit and humor and is an admirable word picture and dramatic illustration of the social, business, religious, school and superstitious life of the Turk--and a discussion of the Armenian question.
